OUR 1%

1% for the Planet is a partnership of companies that understand just how important it is that we protect the world we live in. Its members are concerned with the social and environmental impacts of industry, and know they have a part to play themselves. Together, they pledge their commitment to greater corporate responsibility from businesses, uniting donors and doers to help accelerate smart environmental giving.

The 1% for the Planet initiative operates as a non-profit organisation. It encourages businesses to help safeguard the environment by donating 1% of their turnover to grassroots environmental groups making a difference in their local communities. Through the Westford Mill brand we are members as we recognise our own responsibility to the planet and take it very seriously. That's why 1% of our Westford Mill annual sales are donated to projects that share and reflect our passion. It's not just about money though, we also make sure our staff are given the time and opportunity to actively volunteer in environmental and community projects local to them.

THE CARBON LITERACY PROJECT

As part of our 1% for the Planet membership we are also long-term supporters of the Carbon Literacy Project, who are advancing the education in conservation, protection and improvement of the physical and natural environment.

Carbon Literacy: "An awareness of the carbon dioxide costs and impacts of everyday activities, and the ability and motivation to reduce emissions, on an individual, community and organisational basis."

FAIRTRADE COTTON

Made with cotton that was bought at a price that allows cotton producers in developing countries to sustainably invest in their businesses and communities.

GOTS

The Global Organic Textile Standard (GOTS) is the worldwide leading textile processing standard for organic fibres, including ecological and social criteria, backed up by independent certification of the entire textile supply chain.

100% ORGANIC

The Organic Exchange 100 Standard provides a scheme for independent verification that 100% certified organic cotton has been used to create the finished goods - www.organicexchange.org.

Verification is carried out for Westford Mill by Control Union - www.controlunion.com.

Westford Mill hold licence number CU 811033.

Enhanced
Visibility

Made from easy tear fabric, the label can be removed in seconds to leave an unbranded 'retail-ready' product.

28 x 12

The figures within the grey box represent the maximum suggested dimensions, in centimetres, for screen printed or transfer applied logos.

12

Flat bed hoop – the product can be embroidered on a flat bed or drop-table embroidery machine. The number denotes the maximum hoop size.

18

Tubular hoop – the product can be embroidered on a drop-table embroidery machine only. The number denotes the maximum hoop size.

This information is given as a general guide only, products should always be tested to confirm suitability for a particular decoration method.
